# *welcome* **WELCOME TO HAVANA BEACH**

Cuba has always had something magical about it. Time appears to stand still, classic cars own the streets, old traditions are upheld and Cigars are still being hand-rolled.

Here at Havana Beach we are passionate about creating a unique and unmatched ambience. We are here for our locals. We love our customers and our team which is like a family to us. Our goal is to become one of Sydney's best cocktail bars, whilst always keeping our roots in mind. Because like the Cubans we strive to uphold traditions - for example with our authentic, classic Cuban Mojito with fresh mint and lime, Havana Club rum and lots of love.

Share your experience with your friends online, like & follow us and look out for the changes on the wall.

Thank you and welcome to Havana Beach! We truly hope your stay will be a memorable one.

# COCK TAILS

*- The Mojito is believed to be the world's first cocktail. Historians date its creation back to the 16th century. Havana, Cuba is the birthplace of the Mojito, like many classic cocktails the details differ from story to story: Was it Sir Francis Drake in 1586 who came up with it during a terrible bout of scurvy on his ship? Or was it the African slaves, working in the Sugarcane Fields? Whoever it was, they would never know how popular it would become! We uphold their traditions and make our Mojitos the Classic Cuban way, the way it's supposed to be made! -*
